## LEADERSHIP DEVELOPMENT FOR NONPROFIT PROFESSIONALS

Catalyst was developed over the course of several years and grew from the dream of building a thriving and vibrant community of servant leaders in Montana. More than a skill-building curriculum, this transformational program prioritizes connecting and supporting nonprofit leaders throughout Montana. Participants benefit not just from content and facilitation tailored to nonprofit leadership, but from the opportunity to develop peer to peer relationships and support as they lead the sector into the future.

The program was successfully launched in 2020 as an all-virtual offering that included intensive learning, professional coaching, self-assessment and reflection, and peer support. Twelve leaders in Montana are now in their final weeks of the program.

### HERE'S WHAT OUR PARTICIPANTS HAVE TO SAY ABOUT THE PROGRAM:

I... "love the mentoring pieces, getting to know my small group better too. The self-reflection opportunities and resources have been exceptional. I love having time each month focused on skill-building and reflection."

It has invited me to... "stop and focus on growth mindset, community, connections, and the roots of our mission."

What I like best is... "the opportunity to build relationships across distance, learn about what everyone's going through, see challenges and processes from others' perspectives."

This year we were thrilled to receive three times the applicants as we have space for! We have selected twenty participants from that group and are set to launch our second Catalyst Cohort in April with self-assessments followed by a three-day immersion. Participants will have one-on-one time with facilitators and peer-to-peer learning time between May and December and a cohort experience at our Annual Conference at the end of September.

We believe you share our vision for a nonprofit community strengthened by vibrant leadership and invite you to support this unique and dynamic program built for and by Montanans. Right now is the perfect time to join our Catalyst Circle of Support to grow a community of nonprofit leaders passionate about improving Montana's quality of life.

## CATALYST CIRCLE OF SUPPORT

**SUSTAINING SPONSOR**  
**\$5,000**

Everything included in Leading Sponsor package

- + Opportunity to Speak to the Cohort
- + Recognition During Immersion
